

Bat models listed herein are placed on the list by the manufacturer because the manufacturer believes them to be appropriate to the collegiate fastpitch game and in compliance with the NCAA Softball Playing Rules and batted ball exit speed standard of less than 98 mph. Placement of bats on the NCAA Approved Softball Bat List does not guarantee, or otherwise mean, compliance with USA Softball/NCAA standards. Such placement is based on manufacturers' representations that they do so comply, and institutions take on the risk that bats may not so comply. Manufacturers are responsible for, and liable for, any damages resulting from, any misrepresentations associated with the same.

Planned postings of the NCAA Approved Bat List will be the 2nd Monday in December 2023, April and August 2024; additional lists will post when model(s) must be immediately removed. Information new to the list is noted in blue font.
