REGULATIONS PERTAINING TO CROSS COUNTRY MEETS AND PRACTICES

SEASON—The season shall extend from August 9, 2021 through and including the state meet on October 29 and 30, 2021. Competition may begin on Monday, August 23, 2021. Each school will be allowed to compete in 10 meets, excluding state qualifying and state competition. Each individual will be allowed to compete in 10 meets, excluding state qualifying and state competition. Schools may participate in one scrimmage with up to four teams participating in the event.

COURSE—Varsity runners must run 5000 meters in all competitions. EXCEPTION: In cases of inclement weather, meet managers may shorten the race distance to a minimum of two miles in the interest of the health and safety of competitors. Meet managers may shorten the race distance for wheelchair competitors. Prior to the Fifth Monday of the competition season (September 20), meet managers have the option of running a 4000 meter course for the competitors below the varsity level as long as all varsity and sub-varsity races run to a common finish line. Beginning the fifth Monday of the competition season (September 20), all competitors must run 5000 meters. (See exception). The host school will determine the starting time for regular season meets. All cross country meets shall be started by a registered track and field official. Violation by any school of the above regulations could result in that school not being allowed to participate in state qualifying competition.

SCORING—Rule 8, Section 2 of the National Federation rules will be used for scoring. “All competitors who finish the race shall be ranked and tallied in accordance with the table below. The team score shall then be determined by totaling the points scored by the first five finishers of each team. The team which scores the fewest number of points is the winner.”

Upon the recommendation of the Cross Country Advisory Committee, the Board of Directors has adopted a scoring system method that will disregard the runners if a team has fewer than five participants. There will be a re-ranking of the runners for team scoring.
**TIES**—Ties shall be broken according to National Federation Rule 8, Section 2, Articles, 4 &5. Ties in team scoring shall be resolved by comparing the sixth-place finishers from the tying teams. The team with the best sixth-place finisher shall prevail. If one team does not have a sixth-place finisher, the team with the sixth-place finisher shall prevail. If only five competitors of tying teams finish, the tie shall be resolved by totaling the scores of the first four finishers.

**PARTICIPANTS**—The number of participants is defined in Rule 8, Section 5. In order for a school to qualify for a team championship, five runners must finish. If a school does not enter five individuals, they cannot compete for the team championship. They may enter less than five competitors and those individuals may run and compete for individual placing.

**UNIFORM**—Coaches are responsible for seeing that their competitors are wearing the proper uniform. The athlete should always wear the uniform of her school. Contestants may wear hair devices made of soft material and no more than 3 inches wide may be worn in the hair or on or around the head. Bobby pins, flat clips, hair ribbons, extensions, and flat barrettes, unadorned and no longer than 2 inches, are also allowed. Items may only display one manufacturer’s logo or school name or logo. Such logo must be no more than 2 ¼ square inches, with no dimension greater than 2 ¼ inches. Contestants will be permitted to wear hats and glove only if weather conditions necessitate such items. If hats or gloves are worn, they must be an unadorned, single, solid color and shall be worn only for the athlete’s health and safety and not to draw attention to the athlete. A single manufacturer’s logo/trademark or school name/emblem, no more than 2 ¼ square inches with no dimension more than 2 ¼ inches, is permitted on the hat and gloves. A legal uniform is well defined in Rule 4, Section 3, Articles 1 and 2 of the National Federation Rules. The penalty states: “For the wearing of illegal equipment, when a violation is observed and noted by a meet official, the competitor shall be required to make the uniform legal before becoming eligible for further competition, and shall be issued a warning that a subsequent violation shall result in a disqualification from the event. The referee shall be notified of the violation by the observing meet official, and the referee shall then notify or cause to be notified the head coach of the offending school of the competitor’s violation and warning. The IGHSAU is making an adaptation to Rule 4, Section 3, Article 1, b7. The rule is revised to read: “Any visible garment(s) worn underneath the uniform top and/or bottom shall be unadorned and of a single, solid color, but not necessarily the same length. As per NFHS rules, a single, visible manufacturer’s logo and/or single school name or insignia no more than 2 ¼ inches are permitted on the undergarment.” Visible items worn under both the top and the bottom do not need to be the same color. Reference to foundation garments is deleted. Rule 4, Section 3, Article 2, a. Additional restrictions for relay races. “Any visible garment(s) worn by two or more relay team members underneath the uniform top and/or underneath the uniform bottom shall be unadorned and a single solid color, but not necessarily the same length. Schools with individual qualifiers will be reimbursed at $.44 per mile one way, one car. Each school’s travel allowance check will be mailed from the IGHSAU Office after the meet.
**LIGHTNING SAFETY:** The safety of the players and spectators is always more important than the game! Communication between game management, officials & coaches is essential for the safety of everyone. Lightning only takes an instant to strike. You are in danger from lightning if you can hear thunder. All thunderstorms produce lightning and are dangerous. Lightning often strikes as far as 10 miles away from rainfall. Don’t wait until the last minute to seek shelter. If thunder is heard, or cloud-to-ground lightning is seen, immediately suspend the event and instruct everyone to take shelter in a safe structure.

Have a lightning safety plan in place. Know where teams and spectators will go for safety and know how much time it will take them to get to safety. A “safe structure” is a completely enclosed building that is normally occupied or frequently used by people. The building should have plumbing and electrical wiring to help ground it from lightning. If there is no such structure available, an enclosed vehicle with a metal roof and sides is a reasonable second choice. When a contest is suspended due to lightning, wait at least 30 minutes after hearing the last thunder before leaving safe shelter and resuming activity. Lightning detectors are a great tool to draw one’s attention to the fact that lightning is in the vicinity. Remember, even with lightning detectors, the weather should be monitored closely for lightning or thunder.

**HAZARDOUS WEATHER GUIDELINES:** The primary concern when signs of hazardous weather are present is the safety of participants and spectators. Have a safety plan for any type of hazardous weather that may occur. Practice and follow the plan. Know where people will go for safety and know how much time it will take for them to get there. Have specific guidelines for suspending the event so everyone has time to reach a place of safety before the threat becomes significant.
