

2021 SOFTBALL ADAPTATIONS

The 2020 National Federation Softball Rules Book will be followed, subject to the following adaptations:

LEGAL BATS - Rule 1-5 regarding bats will be followed with the following modification to 1-5-1d: Bats must meet the 2004 USA Softball Bat Performance Standard, bear the 2004 certification mark, and not be listed on the USA Softball non-approved bat list. Bats made entirely of wood are permitted and need not bear a USA Softball mark. Bats bearing the newer USA Softball Certified mark are legal. Bats with the 2000 certification mark are ILLEGAL. Here is a link to the ASA web page with further information: <https://www.teamusa.org/USA-%20Softball/~link.aspx?id=015F4358A30B44368FC142350D112FFF&z=z>

CHINSTRAPS - Chinstraps are required on all batting helmets and must be snapped and worn correctly.

EYE BLACK AND MARKINGS - If eye black is used, it may only be worn in a straight line under the eye. No swoops or decorations are to be done with the eye black. If a pitcher is wearing something on her face that the umpire deems distracting, then she would be asked to remove it or not be able to pitch.

FENCE COVERING - Any fence that is less than six feet high and made of metal/steel shall be covered with a protective covering. This includes all fences on the diamond. There is no specific color required.

UNIFORMS - We will follow Rule 3-2 regarding uniforms with the following exceptions:
- There shall be no advertising or sponsor's name on the uniform. If worn, headbands may be any color or multi-colored and do not have to match among teammates. Headbands may have only a single manufacturer's logo on them.

PRE-GAME INFIELD - VARSITY ONLY - For regular-season dual competition and regional tournament, both teams may take infield practice on the actual playing diamond. There is a seven-minute limit. The timing shall be done by the home management - preferably by the PA Announcer or scoreboard operator. A reminder shall be issued with one minute remaining. A team still has the option of hitting ground balls in front of its dugout in foul territory during the seven-minute warm-up time if they prefer. But both teams must be allowed to use the playing diamond for their seven minutes if they choose. Regular season tournaments and sub-varsity warm-up protocol remain at the discretion of the home management.

UMPIRE ATTIRE - A powder blue polo shirt and grey slacks are REQUIRED for varsity contests. A white polo shirt (including those with the blue or red side panels) and grey slacks may be worn for sub-varsity games. Grey slacks and a powder blue polo shirt with the IGHSAU logo are REQUIRED to be worn in the regional and state tournament.

GAME-ENDING PROTOCOL – At the varsity level, it is **required** to use a 12-run differential rule after 3 or 4 innings (2.5 or 3.5 innings if the home team is leading by 12 or more runs) and a 10-run differential rule after 5 or 6 innings (4.5 or 5.5 innings if the home team is leading by ten or more runs). At the sub-varsity level, the use of the run differential rule is optional. Note: All regular-season games must be **legal** games, per NFHS rules. This includes any games played in tournaments. Schools hosting tournaments should provide written communication on the game-ending procedures for the tournament, particularly when there is a time limit or weather delays to all teams. Those procedures should also be shared with umpires and discussed at the pre-game conference with coaches during the tournament.

INTERNATIONAL TIE-BREAKER - When used in a regular-season game, the international tie-breaker rule starts at the top of the 8th inning. To apply the rule, determine the first legal batter of the inning and then place the player immediately preceding her in the line-up on second base with no outs. If used during a regular-season tournament, it is permissible to begin using the international tie-breaker rule before the 8th inning if the time limit has expired.

SUSPENDED GAME - Apply Rule 4-2-1, 2 to determine if you have a regulation game with a winner decided. If not, the game shall be suspended, and if made up later, the game shall be resumed from the point of interruption.

MEDIA BOX – A media box shall be lined in foul territory down the third base line for all varsity contests. The minimum dimensions of this box shall be 5 feet wide by 3 feet deep. An additional media box down the first base line remains optional. By rule with Iowa adaptations, a ball passing through the media box is dead **ONLY** if the box is occupied. All balls passing through the media box without any media present are not automatically dead by rule.

PROTESTED GAMES – Rule 4-4 – The IGHSAU does not recognize protests
