

## 2019 Golf Season Information

**Online Rules Meeting:** All head varsity golf coaches must view the online Coaches Rules Meeting by April 1<sup>st</sup> or prior to your first meet if it is before April 1<sup>st</sup>. Failure by any head golf coach to view the online rules meeting may result in a sanction against that coach. The Coaches' Rules Meeting will be on the IGHSAU website in the Coaches' Golf section the week of March 4<sup>th</sup>.

**NEW USGA Rules:** USGA Rules of Golf have undergone the most substantial update in the last 60 years. The rules have been modernized and reduced down from 34 to 24. Please review the new USGA Rules by going to the USGA website ([usga.org](http://usga.org)).

**COACHES – It is extremely important that you familiarize yourself and your golfers of the new USGA Rules of Golf.** The Iowa Golf Association is offering eight rules seminars for coaches and players. A list of the dates and times of the seminars can be found on the Iowa Golf Association website ([iowagolf.org](http://iowagolf.org)).

### **Practice and Playing Dates:**

First Practice Date: March 11

First Competition Date: March 20

### **2019 Classification:**

Class 4A – 50 teams

Class 3A – 60 teams

Class 2A – 80 teams

Class 1A – 130 teams (approximate)

### **Regional Tournament Dates:**

Classes 1A and 2A: May 13, May 20

Classes 3A and 4A: May 20

### **State Tournament – May 28 – May 29:**

The tournament will have a 9:00 a.m. shotgun start on Day 1 and will use tee times for Day 2.

Each qualifying school is allowed to play six golfers in the State Tournament. The four best scores are used to determine the total score for each school. A school entering less than four golfers in the State Tournament may compete for individual honors, but not team honors.

**NEW 2019 – Spectator admission will be charged at the 2019 State Golf Tournament sites.**

### **2019 State Tournament Sites:**

Class 1A – American Legion Golf Course, Marshalltown

Class 2A – Ames Golf & Country Club, Ames

Class 3A – Otter Creek Golf Course, Ankeny

Class 4A – Coldwater Golf Links, Ames

### **Co-Ed Tournament - June 4:**

The tournament will be a 9:00 a.m. shotgun start.

1A (Schools with BEDS number 349 & lower): American Legion Golf Course, Marshalltown

2A (Schools with BEDS number 350 & higher): TBD

Schools must register and submit the names of the team(s) for the Co-ed Tournament by May 30<sup>th</sup>. The registration form will be located on the IGHSAU and IHSAA websites. The golf format is alternate shot.

**Playing Dates:** Each school is allowed 12 dates of competition during the season. No scrimmages are allowed.

**Attire:** All varsity participants in regular season and tournament competition must wear the same (color and style) school-issued or school-approved golf uniform shirt (collared or mock-collared), during competition. Due to adverse weather conditions, if an individual VARSITY player desires to wear clothing (jacket/sweatshirt) over the top of her shirt, the jacket/sweatshirt does not need to be the same as her teammates. All attire worn at all levels shall be school-approved and have no alcohol, tobacco or any inappropriate graphic on the clothing. Please remember the only attire that needs to be the same is the collared or mock-collared shirt on each varsity participant.

**Range Finding Devices:** Range finding devices are allowed for use by players and coaches during the regular and postseason tournaments provided they are only used to measure distance. A player may obtain distance information ONLY from the range finding device they are using. Cell phones (including distance apps), iPods, Smartwatches and any other unapproved electronic devices are not permitted during competition. Range finding devices designed to measure conditions other than distance are permitted, **PROVIDED** the golfer only uses the device for distance measurement and not for the following banned functions, which include but are not limited to, wind speed, slope or club selection. Parents are not to provide distance information to golfers.

**Penalty - The first time the golfer uses a banned function on the range finder (any function besides distance), she will be assessed a two-stroke penalty. Any subsequent use during that round will result in disqualification.**

Players and school-appointed, licensed coaches (coaches that are permitted to coach tee to green) are encouraged to share distance information upon request. A player with a range finder may shoot distance from their position on the course and relay that information upon request to another player, PROVIDED the process does not delay play. **Spectators are not allowed to provide or assist golfers with distance information.**

**Site Availability:** If you would like your course considered for a Regional Tournament site, have your athletic director fill out the site availability form on our website ([ighsau.org](http://ighsau.org)) in the Online Forms section by April 8<sup>th</sup>.

**QuikStats:** Varsity coaches are required to submit their varsity roster and schedule through [Quikstatsiowa.com](http://Quikstatsiowa.com) before March 20<sup>th</sup>. **Coaches are required to have their individual varsity meet results updated on QuikStats every Tuesday during the regular season.** Coaches are also expected to update their Quikstats throughout the Regional Tournament series. Failure to submit the required information by the mandatory dates may result in the suspension of the coach.

**Cell Phones and Electronic Devices:** The use of cell phones, iPods, tablets or other electronic devices by participants during competition will result in disqualification. Golfers may use their phones in/around the clubhouse once their round is complete and they have submitted their scorecard to the scoring officials. Spectators should refrain from speaking on their cell phones on the course when play near them is occurring. In the event of an emergency or suspension of play, it is permissible for a golfers and spectators to use their cell phones on the course.

In response to USGA Rule 4.3a(4) the IGHSAU shall expand its local rule banning cell phones to include restrictions on all portable audio and video devices that players might watch or listen to during the course of play. Penalty will result in disqualification.

**Maximum Score (NEW for 2019):** Per USGA local rules, utilizing a maximum score format is allowed but not mandatory for IGHS AU regular season meets. The IGHS AU suggest a maximum score of 10 strokes should competing teams want to implement the local rule in a regular season meet. Under this format, players would pick up their ball once the maximum score is reached without finishing the hole. IGHS AU post-season tournaments will not implement a maximum score option.

**Motorized Cart Request Policy:** Motorized carts and caddies are prohibited. Use of non-motorized pull or push carts *are* allowed throughout the entire season. Requests for use of a motorized golf cart during regular and postseason competition must be due to a disability, and will be evaluated by the IGHS AU on a case-by-case basis. **Transitory illnesses and injuries (actual or expected duration of six months or less) do not qualify under the ADA as a disability and thus would not qualify for use of a motorized cart.**

Athletic directors must submit the request for golf cart use and documentation from the golfer's physician stating the disability and the extent to which it prevents the golfer from walking during competition. Upon receipt of the request, the IGHS AU will notify the school in writing of approval or declination.

**Weather and Lightning Protocol:** When thunder is heard or cloud-to-ground lightning is seen, play should be suspended and shelter taken immediately. Once play has been suspended, a 30-minute wait from the last sound of thunder or lightning strike witnessed must be taken before resuming activity. Any subsequent thunder or lightning strike during the 30-minute waiting period resets the clock, and a new 30-minute waiting period begins. Meet hosts are responsible for monitoring the weather activity and determining when to suspend competition. Weather protocol (notification method and procedure for calling golfers off course, shelter locations, evacuation procedures, etc.), should be given to participants prior to the start of the meet. The IGHS AU encourages all meet managers to utilize a lightning app on their phone to monitor their local weather.

#### **Rainout Policy:**

- Regular Season – If a meet is not completed due to weather, it can be postponed or replaced with another meet. For a postponed meet, the golfers can resume the round from their location when it was called or all golfers can start their round over. This is something that should be agreed upon by the participating teams prior to the start of the make-up meet.

Every effort must be made to reschedule the rained out meet. If a date cannot be found to reschedule the meet, then your school may find another meet to enter to fulfill your 12<sup>th</sup> date, as your rained out meet becomes void. Make sure you delete the cancelled date from your schedule on QuikStats. If you replace the cancelled meet, make sure you enter that meet in your QuikStats schedule.

- Regional Tournament – If you are required to return a second day because of a rainout and you are rained out a second time, and have finished nine holes, those nine holes scores will determine which teams and individuals qualify for the State Tournament. This **only** occurs for the second time you return. **Example 1:** Regionals were scheduled for Monday and the meet was rained out. Your team comes back on Tuesday and you are rained out but everyone gets at least nine holes played. Those nine holes on Tuesday will determine the teams and individuals that advance on to the State Tournament. **Example 2:** Regional play has begun, groups finish at least nine holes and are rained out, everyone returns the next day and begin play from the last completed hole by everyone in your group. If rain again forces competition to end for that day and everyone has **not** completed competition (nine holes), the first day's nine holes will determine the teams and individuals that advance to the next level of competition.

- State Tournament – If eighteen holes are played on the first day and it is impossible to play the second day due to rain, the first eighteen holes will determine the champion. Likewise, if the first day is rained out but weather permits eighteen holes to be completed on the second day, the second day eighteen holes will determine a winner.

**NEW for 2019** – To ensure teams play a complete 18-hole tournament, Day 1 scores will be carried over to Day 2 of the State Tournament **IF** the entire field has completed at least 12 holes. Every effort must be made to complete 18 holes on Day 1 of the tournament. Day 2 will commence with teams completing Day 1's round by re-starting on the tee box of hole where play was suspended on Day 1. Tee assignments for Day 1 will be carried over to Day 2 if teams are completing Day 1's round on Day 2. If both days are rained out, then the tournament will be rescheduled by the IGHASU and participating schools will be notified accordingly. When the tournament is rescheduled, competition will be eighteen holes.

**Spectator Regulations:** Family, friends, spectators, etc. cannot provide instruction or guidance to participants on the course until the final scorecard has been signed and submitted. (Walking immediately alongside a player is deemed to be communication.) Spectators may cheer, applaud and offer words of encouragement to golfers, however spectators must adhere to golf etiquette when doing so. Spectators are allowed to assist a player in looking for a lost ball, but may not offer any rulings. Spectators should remain in the rough or on the cart paths and keep parallel to the golfers at all times. Spectators should refrain from speaking on their cell phones on the course when play near them is occurring. Any spectator disrupting play in the opinion of the Rules Committee will be removed from the course. Competitors may be disqualified if in violation of this rule.

**Golf Regulations:** USGA rules will be followed for all regular season and postseason tournament play, unless modified by the local course management or IGHS AU. Any errors or discrepancies that take place during medal play must be resolved prior to turning in the scorecard. If a discrepancy arises, golfers should make every effort to resolve the discrepancy before playing the next hole. If the discrepancy cannot be resolved, the hole/score should be circled. At the completion of the round, the player(s) involved should refrain from turning in her scorecard until the rules committee has made a ruling.

**Maximum Stroke Format:** The practice of utilizing a maximum stroke format is allowed for regular season competition. A maximum stroke format of 10 strokes may be implemented during a regular season meet if so desired by meet management. IGHS AU post-season tournaments will not utilize a maximum stroke format.

**Local Rule:** The IGHS AU will not invoke the Local Rule stroke and distance for OB for postseason as it is not part of the USGA rules revision. We will study it this year and revisit it after the season.

**Coaches on the Course:** Coaches are not allowed to play golf on the course during competition/meets. **Penalty is disqualification of all team members.** During meets, the IGHS AU strongly encourages coaches to be out on the course coaching their golfers. While it is understood only the designated Rules Committee makes rulings, it is essential coaches be on the course to help their golfers with situations in an effort to avoid repetition of rule violations.

**Coaching Guidelines:** The IGHS AU allows multiple school appointed, licensed coaches to coach their team on the course during the regular season and allows two coaches per team during the Regional and State Tournament to coach their players on the course. One coach is allowed per individual qualifier during the postseason. School appointed, licensed golf coaches are allowed to coach their golfer up until the golfer and golfer's ball are on the green. There is to be no delaying of play anywhere anytime when providing instruction

during the prescribed coaching time frame. Coaches on the course should not make rulings unless they are part of the Rules Committee.

Coaches are not to assist or instruct a player regarding any putting on the green. If any part of the golfer's ball is on the actual green, the ball is considered on the green. Once the golfer arrives at the green (no delay by the golfer), coaches can have no more communication with their golfers until all golfers in the group have holed out. When providing advice, the coach must NOT enter a bunker. Coaches must adhere to golf etiquette when coaching their players and should **not** be communicating with their golfer(s) while other golfers in the group are teeing off or putting. Coaches and golfers should be engaged members of the group during those times.

**Scorecard Signatures:** Scorecards must be signed by the golfer whose score is being kept and the person keeping the score upon completion of the round.

**Scoring:** Each golfer is responsible for the accuracy of her score recorded for each hole. Signed scorecards must be turned in by the golfer to the official scorer immediately following the round. Each golfer must total her own score for the round before turning in her card. This will assist with inaccuracies between the actual score and recorded score and may prevent a card turned in with a blank score. The score totaled by the individual is not their "official score" (as there may be some inaccuracies with their addition), the hole-by-hole score will be their official score.

**Regional/State Tournament Entry Forms:** Regional roster forms will be on the IGHSAU website in the golf section. Schools are required to print, complete and submit the form to their Regional tournament manager seven days prior to the meet. Regional Final forms are to be sent to the tournament manager six days prior to the meet. Schools will be notified of the start time, location and other details pertaining to their Regional tournament by the tournament manager of the region they are assigned. Tournament managers have total liberty in establishing start times. Tournament managers will let each school know of their golf course policy for outside food and beverage. **FYI...outside food and beverage will NOT be allowed at State Golf Tournament venues.**  
**NEW 2019 – Spectator admission will be charged at the 2019 State Golf Tournament sites.**

**Greens Fees:** A \$10 per participant fee will be assessed to each school for participation in all Regional tournaments, payable directly to the tournament manager (host athletic director), which in turn will be responsible for paying the host course. Tournament managers may request schools make their checks payable to the host course, which is permissible as well. The tournament manager will present the green fees for all participating teams to the course management. **State tournament green fees will be paid to the tournament site by the IGHSAU.**

**Practice Rounds:** Loss of school time for practice rounds is governed by each local district, not the IGHSAU. Coaches must have their school administration's approval to practice during school time. Arrangements must be made with the host course concerning time and regulations governing play. All tee times and green fees will be the responsibility of each school/golfers.

**Walking the Course:** There is no rule against teams arriving at the Regional/State site to walk the course provided they seek permission from the course management prior to doing so. **Players walking the course are not to have clubs with them while they walk the course. Players are not allowed to roll balls on the greens when walking the course.** Violation of this rule is disqualification from the tournament.

**Regional Advancement (NEW for 2019):** The top two teams in each region advance to the next level of play (Regional Finals and/or State Tournament). The top six individuals (and those tied for 6<sup>th</sup> place) also advance to the next level of play, regardless if they are on a qualifying team or not. All individual ties must be broken (except

for 6<sup>th</sup> place ties) to determine each golfer's final rank. Medals for the top six golfers and State Qualifier banners for the top two teams will be awarded at the end of the Regional Final meet.

**Regional Third Place Team Advancement:** For the first round of Regionals ONLY (classes 1A and 2A), if the host school (playing on their home course) finishes first or second place in the first round of Regionals, then the third place team will advance to the Regional Final match as well. ***This procedure is for the first round of Regionals only. Third place teams will NOT advance to the State Tournament from the Regional Final meet if the host school finishes first or second in that region.***

#### **Tie-Breaking System for Postseason Tournaments:**

**Team Competition:** At the Regional level, the 5<sup>th</sup> team player scores shall be compared. If a tie still exists, compare the scores of the 6<sup>th</sup> players. If a tie exists at each of these levels both teams advance. There are no playoffs at Regional Tournaments. If a team does not have a 5<sup>th</sup> (or 6<sup>th</sup>) place golfer to compare scores, then they automatically lose and the team with the 5<sup>th</sup> (or 6<sup>th</sup>) place golfer wins.

At the State level, the 5<sup>th</sup> team player scores of day two will be compared. If a tie still exists, compare the scores of the 6<sup>th</sup> player of day two. If a tie still exists, compare the scores of the 5<sup>th</sup> player of day one. If a tie still exists, compare the scores of the 6<sup>th</sup> player of day one. If a tie still exists it will be broken by a sudden death playoff. The coach will name four players who will play in the playoff. All four scores will count. Starting holes will be determined prior to start of meet. If a team does not have a 5<sup>th</sup> (or 6<sup>th</sup>) place golfer to compare scores, then they automatically lose and the team with the 5<sup>th</sup> (or 6<sup>th</sup>) place golfer wins.

**Medalist Competition:** At the Regional level, medalist distribution and place will be determined by a card back starting with the number one handicap hole. Six medals will be issued at each Regional meet and awarded according to the tie-breaker system. All players finishing sixth (or tied for 6<sup>th</sup>) shall advance.

At the State level, a tie for State Medalist shall be determined by sudden death playoff with the playoff holes posted prior to play. For individual play, any ties beyond first place would be determined by a card back, starting with the number one handicap hole.

Golfers may use the practice driving range, chipping green and putting green at Regional and State sites, if available, the night before, and the days of the tournament.

**Awards:** The Regional Final champion and runner-up will receive a State qualifier banner. The Regional Final team champions will also receive medals. The top six individuals at the Regional Final (and those tied for 6<sup>th</sup> place) will receive medals. **REMINDER: Only two teams will advance to the State Tournament from each Regional Final site no matter if the host school (playing on their home course) finishes first or second.**

Each State participant team will receive a trophy, which will be presented following the final day's round. The top two teams will also receive medals. The top ten medalist individuals (and those tied for 10<sup>th</sup> place) will receive medals. Each participant in the State Tournament will also be given a participation medallion.

**State Tournament Travel Expense:** The IGHSAU will reimburse State qualifying schools for travel expenses at the rates of 44¢ per mile one way for individual qualifier(s) and \$1.25 per mile one way per team.

**Non-School Team/Individual Awards Rules:** During the School Year: From the first day of school through the last day of school, high school golfers may **not** accept any award or prize which has a value in excess of \$50.00 and **NEVER MONEY**. Golfers may participate in non-school events during the year, if allowed by local school policy. Those participating must check with their athletic director.

**Example:** Marcy Smith is allowed by her school to play in a four-person best ball tournament in late March. Marcy is playing with three individuals who are out of school, with Marcy being the only high school student. Marcy's team wins \$400.00. Each of the three out-of-school individuals can accept \$100.00 cash. Marcy can only receive a gift certificate for \$50.00. Marcy should ask the golf course to document what she received and have the course sign that document stating she only received a \$50.00 gift certificate. It is advised that she also provide a copy of the document to her athletic director, stating what she accepted. An individual can receive up to \$50.00 in gift certificates per tournament.

Summer Months: During the summer months, high school golfers may accept any award or prize any amateur golfer is permitted under USGA rules, which is \$750.00 – **NEVER MONEY.**

**Example: Same scenario as above,** but since school is no longer in session Marcy can receive a \$100.00 gift certificate, but should again document her winnings and provide a copy for the athletic director. An individual can receive up to \$750.00 in gift certificates per tournament.

Golf questions can be directed to Lisa Brinkmeyer, IGHS AU Golf Administrator at 515-401-1835 or [lisa@ighsau.org](mailto:lisa@ighsau.org).
