NFHS Volleyball Spandex Rule Modification

Due to a supply chain shortage of match permissible spandex in some areas of the country, state associations have been given the authority to issue a modification to NFHS Volleyball Rule 4-2-1f (per NFHS Memorandum released on 8/11/21).

The IGHSAU will allow the modification to Rule 4-2-1f, PROVIDED the player has tried to find legal uniform bottoms but has been unable to due to the supply chain shortage. The modification will allow for multiple logos along the waistband ONLY, while maintaining the requirement that all uniform bottoms must be like-colored. The modification does not permit more than one manufacturer’s logo greater than 2 ¼ square inches on any other part of the uniform bottom or uniform top.

If you have a player that is unable to find legal spandex, please inform the match officials of your player’s need to utilize the modification to Rule 4-2-1f prior to your match.

Questions may be directed to Lisa Brinkmeyer at lisa@ighsau.org or 515-401-1835.
