

IGHSAU Volleyball Memo
September 16, 2022

Wow! We are halfway through the season already. Hope everything is going well with your matches so far. Here are a few things to think about as you are working.

Reminder: If you want to be considered for postseason matches, please fill out the form that Sherry sent you last week **ASAP!**

Are you enforcing this and asking the coaches to help with this?

Rule 4.1 SITUATION which states that any student/athlete that is actively helping with the warm-ups, need to have tennis shoes on! **Please enforce this immediately! Talk to the coaches for their help with this!**

Substitutions: Rule 10.2.b – If more than one sub is to be made, the subs shall be made in succession, one pair of players after the other (substitute and outgoing player) with only one sub in the substitution zone at a time. Have the 2nd sub stand outside the zone and by the sideline.

Rule 10.2.c – When more than one sub is requested, the incoming subs shall be ready to enter the substitution zone once the preceding sub has been released to enter the court. Also, make sure they come up **together.**

Time-outs: Rule 10.1.3 – Situation A: During a set, Team A's coach calls for a substitution which is given. The Coach for Team A then calls a time-out. At the end of the time-out, after all players have returned to the court and before the signal for serve, Team A coach requests another substitution. **Ruling:** Request denied.

Comment: A team is allowed to request a substitution only one time during the same dead ball.

Reminder that the white shirt with the old horizontal logo is not to be worn at **any time.** We are still hearing that some officials are wearing the old shirt. You may purchase patches from Sherry at the IGHSAU. Send her an email with the quantity and your mailing address – sherry@ighsau.org. They are \$5 each.

Work each match as if you are being observed!

Have a great weekend!

Deb
